You must be a member and have a COGGINS current on the clinic date. Send SVDA clinic application from website to Kathy Rowse 1468 Peppercorn Lane Suffolk VA 23432

## ARE YOU AND YOUR HORSE PROTECTED?

By Ray Penland

Horse owners love their horses. Let's face it they provide us with hours of pleasure, their love, and sometimes great distress as we worry about their health and well-being. We make sure they are inoculated against disease, we purchase health plans that are as comprehensive as the ones for ourselves and family members. That's it, isn't it, we treat them and in most cases consider them as a member of our family and want to do everything possible to protect them.

Part of that protection is the yearly test for Equine Infectious Anemia (EIA) or as commonly known the Coggins test. Our stables require us to provide them a copy so that they can ensure the safety of all the horses in the barn and to meet state and federal regulations regarding the health and safety of animals.

A couple of years ago, Virginia passed legislation that requires individuals and groups that hold events where horses owned by more than one person are required to have copy of the coggins certificate in their possession before allowing the horse to participate in the event. Every event sponsor is required to submit an Equine Event Report for each event to the Virginia Department of Agriculture & Consumer Services (VACS). There is also a report that must be submitted if a horse is not allowed to participate because of a positive coggins. There are many reasons why the state initiated this report, chief among them is the health and safety of all the horses in the event and all the horses in that barn and VA wants to assure each horse owner that the person or organization sponsoring the event has taken every step possible to keep their horse safe.

I am the individual on the SVDA board that compiles our report for all the shows and clinics we sponsor. When the coggins certificate has been uploaded to our database or is sent in with the entry form it does not take very long to verify the negative coggins and compile the report, but when we're trying to contact people it is more difficult to verify in time for the event.

Additional problems that slow down the compiling of the report are when the horse's name on the coggins is the barn name and not the registered name, when people enter the information into the database but don't upload the certificate, and when the owner listed on the certificate is someone (usually the barn) other than the actual owner.

So, when you get your new coggins please take a few minutes and upload it to the SVDA database through the portal on our website. Go to <http://southeastvirginiadressage.org/home/> place your cursor on Schooling Shows on the top menu and a drop down menu will appear, click on Coggins Upload, fill out the information and use the browse button to find your coggins certificate on your computer, enter it and then click submit and you're all done. If you find this confusing or have problems, do not hesitate to contact me and I will try to provide clear, intelligent help.

I hope you find this informative and it answers any questions you might have. Below is the Virginia regulation:

2VAC5-70-20. Testing Requirements for Horses Exhibited at Shows, Fairs, or Other Exhibitions, or Coming into Contact with Horses Owned by Others in Virginia.

All horses assembled at a show, fair, race meet, or other such function, or participating in any activity on properties where horses belonging to different owners may come into contact with each other in Virginia, must be accompanied by a report of an official negative test for equine infectious anemia. The test shall be conducted by an approved laboratory on a sample taken by an accredited veterinarian or a State-Federal Regulatory Veterinarian within 365 days prior to such event or activity. The person in charge will ensure that a copy of the official negative test results accompanies each horse in the event or activity, and shall make such reports available for inspection by a representative of the State Veterinarian upon request. The person in charge shall exclude any horse which is not accompanied by a negative test report.

## January Juniors Corner:

Congratulations to all the Junior riders who received awards at the Annual Banquet Saturday, January 26<sup>th</sup>. Thank you to everyone who assisted in setting up the banquet decorations and assisted with clean up afterwards. I wanted to thank for all the assistance to get ready for the banquet and auction.

Thank you to all who donated and bought items in the auction to support the SVDA Juniors team. The auction raised \$1441.00, which will go a long way to sponsor several junior/youth riders at the Team Championships. Thanks to this event we have a great start to this year's fundraising. We are planning additional fundraisers to continue to raise money. I will post more information about fundraisers as soon as I have more information.

I will be planning a Junior Team meeting to discuss fundraising ideas and possible locations for the Junior Team Competition. Please see the Junior Intent form included in the newsletter.

Thanks, Charlene Jensen

### Dressage Sport Horse Breeding Stock (In-Hand) Classes

#### Part 1: USDF Rules

- Horses of one sex may not be judged against those of the opposite sex except in specified Group classes, Championship classes or special classes for single breeds or smaller/unusually young rider handlers.
- A horse shall be disqualified for unsoundness (at the judge's discretion in Breeding Stock and Group classes). In Dressage Sport Horse Breeding classes, unsoundness is defined as showing evidence of lameness or broken wind. Refer to DR119.1 regarding loss of sight.
- Following a posted or announced order, an entry will walk to the apex of the triangle, and await the judge's request to proceed on the triangle. The handler will lead the horse on the perimeter of the triangle at walk and trot, returning to the apex to stand for conformation judging. Conformation is judged before and/or after movement. Repetition of all or any part of the movement on the triangle is allowed only at the judge's request.
- After all horses have been shown on the triangle, some or all may be recalled to be shown in groups at a walk and trot. If horses may be recalled, the prize list or program must state that this procedure will be used.
- When two or more judges are officiating, they may agree to use the same score sheets and agree on each score before informing the scribe, or they may judge independently. Class cards alone are not permitted for individual in-hand classes.
- The judge(s) must excuse from the ring any unruly horse or one whose actions threaten to endanger handlers, officials, other exhibitors or their entries.
- Score sheets must be reported as a total based on the percentages allowed in each judging category, against a possible total of 100%, and all scores and placings must be published. Unofficial scores may be published during the class and/or final scores may be published at the end of each class. Decimals may be used in scoring.
- Tied scores shall be broken first by relating to movement scores. If still tied, the tie may be broken at the judge's discretion, by the use of decimals, or the horses may be examined again (movement only). If a class is judged by more than one judge, the judges may consult and arrive at one agreed upon placement. (Ties in USDFBC Finals classes will remain tied.)
- Breeding is optional. Bandages of any kind are forbidden during a class.
- Brilles are mandatory on two-year olds and older. Brilles are forbidden on foals and yearlings. A bridle shall consist of a snaffle type bit (see DR121, Figure 1A) with two reins and headstall with throatlatch. Reins must be attached only to bits as described in DR121.6. Noseband is optional. A split or single chain may be used instead of or in addition to reins, however a lead shank is required if reins are placed over the horse's neck and the handler must hold the shank.
- The handler, assistant handler and/or a whip assistant may each carry only one whip, or one standard lunging whip (without attachments, i.e. plastic bags, etc.). In addition, disruptive noise-making devices are not permitted in the competition ring.
- Conservative sports attire is recommended for handlers, assistant handlers and whip assistants. Handlers, assistant handlers and whip assistants of any age must wear protective headgear as defined by DR205 while handling or assisting in the competition ring.
- Each horse, including non-competing mares accompanying foals, must have a separate Handler or Assistant Handler at all times.
- The competition veterinarian must be available to the judge, if on the premises, and the handler must give permission to the judge and/or veterinarian before either touches the horse. If the veterinarian is not immediately available, or not called upon, the judge's decision as to the veterinary soundness of a horse must be final.
- Assistant Handlers may not show a horse at the trot (except for horses not being judged but accompanying a mare or foal that is being judged).
- No horse that is not being judged may accompany another horse in the ring while being judged, except for a mare accompanying a foal or vice versa.
- Unauthorized assistance by individuals outside the competition ring is not permitted.

Effective 12/1/18
